CLUE OF THE YELLOW BOOTS.

West End Surgeon as Sherlock Holmes.

An old large, popular among the masses
a century ago, had a pair of boots as the
foundation of the plot—

Who dares this pair of boots—displace
Must meet Bombs—face to face.

There was a King who had the temerity
to disturb the boots as they hung
upon a tree, and the vengeance of Bombs
battered, shattered, and killed him.
The "modern Bombs," in
the guise of the law, has a similar
purpose in view in the search for the
murderer who paid a surreptitious visit
to the house of Dr. Claud Woakes, aural
surgeon, in Wimpole-street, and took
away 170 words of old silver, as
well as a pair of the doctor's boots for
which he left his own in exchange.

Those boots of the doctor are likely to
prove the culprit's Nemesis for they
were of a vivid yellow, small and shapely,
such as the grandees of Granada wear;
and if he takes his walks abroad in them
he will be marked out from among his
fellows. But these boots are not the
only clue. These left behind have
enabled Dr. Woakes, who has made a
study of men's clothes and footwork,
to furnish the police with some description
of the nocturnal visitor, whom he did
not see.

"It is plain," says the doctor, "that
the boots have been worn by a man who
is used to walking up and down ladders;
they are worn in a certain place and
manner. He may either be a painter or
a window-cleaner. I think he is a
painter, because his boots, instead of
being 'black,' are done with black
paint. There are indications that he is
a thick-set fellow who is probably rather
short; and I am pretty sure from the
way he holds are worn that he walks
with a hanged look." From the clue
so obtained Dr. "Sherlock Holmes"
Woakes expects an early arrest to result.

VICAR'S GIRL BRIDE.

RACE AGAINST TIME AT A WEDDING.

The Rev. Joseph Miller, aged seventy-
five, vicar of Bolas Magna, Shropshire,
was recently married at Whitechurch, near
Cardiff, to Miss Dilya Wynne Roberts,
aged twenty, of Llandaff North.

When, within one minute of the legal
time for a wedding, the couple appeared
they were given a hearty cheer by a large
crowd.

The church was crowded an hour before
three o'clock. The vicar, arrived at five
minutes to three, and he walked up to the
chancel accompanied by the vicar of the
parish, the Rev. Llewellyn Lloyd Davies.
He looked anxious as he discussed the pos-
sibility of getting the ceremony over before
three o'clock. Then it was noticed that
the bride had not arrived.

The suspense lasted three minutes, and
then there was a sigh of relief when a shout
went up from the crowd outside that the
bride was coming.

It was now only about two minutes be-
fore three o'clock. The vicar said he would
be unable to perform the ceremony in the
usual order, but would begin at the part of
the service containing the interrogatories
to the bride and bridegroom.

The bride was met by the vicar and re-
sponded to by Mr. Miller and his bride.
The words were hurriedly spoken and the
ring was placed on the girl's finger. The
ceremony was rapidly concluded and the
party rushed into the vestry. The signet-
rings were attached to the register just as
the clock struck three.

A little later the party came back to the
altar and the remainder of the service was
gone through.

tranquil ignorance as to the condition of many of the roads of the Colony. Such ignorance, however, as the Hon. Mr. Landale in effect stated, is shared by very few, and the hope may now be indulged that that gentleman's pointed and absolutely accurate statement may lead to some very much needed improvements. We are, as indeed are the whole community, entirely in sympathy with the Hon. Mr. Shellim in his remarks on the Government's unfulfilled promises relative to public bathing places. The Government practically gave assurances that such bathing places would be found, and it is by no means satisfactory to find that these assurances are apparently to be allowed to drop because the laying out of such bathing places is "not so easy a matter as was supposed." Perhaps not; but surely the little difficulties are not insurmountable. We know, and many others also know, that if the Government would but devote as much attention to the matter as did the Tramway Company this season, a really good and quite suitable bathing place might be made at North Point. A very large section of the community are interested in this matter and, considering the climate that we have here for at least six months of the year, it is really of the first importance that the Government should do something towards providing suitable bathing facilities, to say nothing of convincing us that they are doing something to carry out the promises they made. The expenditure of a comparatively small sum is all that is necessary to convert North Point—which is undoubtedly more suitable than the beach in the neighbourhood of Kennedy Town—into a health-giving and attractive bathing place. This is a matter not for private enterprise but for the Government, and it is to be hoped that before the next bathing season comes round that something worthy of the needs of the large section referred to may be accomplished.

We have heard so often in regard to the irregularity of the Siberian mail that "it is a matter that would have to be gone into" that we but merely voice the opinion of the whole community in stating that such a statement is now wholly inadequate. The Government doubtless have many difficulties to contend with in regard to this atrocious irregularity, but, as these difficulties cannot possibly be insurmountable, it is to be hoped that they will bestir themselves more actively than they appear to have been doing and thus assist in removing this intolerable state of affairs.

It would have been much more pleasant, we feel sure, for the unofficial members referred to, to have given their whole-hearted acquiescence in the Government's financial proposals and to have had to express praise instead of blame regarding certain specific matters, but obviously that was impossible. We congratulate them on voicing the tax-payers' needs, and with them hope that some much-needed improvements will soon be in evidence.

It is gratifying to see that the obstruction of tram cars by trucks is being gradually diminished. Since the Tramway Company has been prosecuting truck coolies for holding up the trams, the coolies have become more careful. Four cases were dealt with by Mr. Wood at the Magistrate's Court this morning in which coolies who were summoned for holding up tram cars were fined.

A Chinese married woman of 37 Hilliers Street has reported to the police that someone stole from her house between July 30th and October 18th: a box containing sixty-five articles of jewellery, some clothing, and \$85 in money, the property being valued altogether at \$2,100. The woman suspects a folk who absconded somewhere about September 19th. She will probably regret not having reported the matter to the police sooner.

The hired transport Soudan is expected to arrive here on her return voyage, about 6 a.m. on Monday next. The vessel will be 5th at Hoi Kwan, and, disembarking of troops, etc., will commence at 9 a.m. The 2nd Bn. Somerset Light Infantry (for India) and details Somerset Light Infantry, South Wales Borderers and R.A.M.C. attached (for Home) will go into camp at Hung Hom. All married families will go into quarters at Mount Austin, under arrangements to be made by the Officer Commanding Army Service Corps, pending re-embarkation on transports Soudan or Somali.

Mr. J. T. Toke joined the Corps on the 21st inst. allotted Corps No. 1465 and posted to the Engineer Company.

Gr. C. A. S. Ross is granted leave of absence from 17.10.13 to 12.11.13. Pte. P. D. Wilson is granted leave of absence from 19.11.13 to 20.11.13.

It is notified for general information that the Annual Camp will be held from the 9th to the 17th of January, 1914, inclusive.

A Chinese police provision coolie who resides at Tseng Lan Shi was on his way home from his tea-shop on the Sai Kung road when he was assaulted by three Indians and robbed of three dollars in money, a watch, and several packets of cigarettes, valued altogether at \$8.

Another hawk who has a tea-shop on the Sai Kung road left his mat-shed with his mother yesterday, and after proceeding along the road, was attacked by three Indians. They knocked the old woman down and stole from her \$3 in money, and a basket containing some bananas. The police are now on the look-out for the marauding Indians.

There are many attractive items on the programme quite new to Hongkong, among which may be mentioned acrobatic acts by the Cuttrel Troupe, juggling acts by the Delroy, trick cycling and other turns of a thrilling nature. Many of the old favourites will also be seen in their various acts. Further particulars will appear to-morrow in our advertising columns.

This show is due to arrive here next Friday, after having filled a most successful season at Peking and Tientsin, and will open at Causeway Bay on Saturday, 1st November.

It may be useless to discuss, either now or later, the hardship inflicted upon the community by the very large contribution they are called upon to pay annually towards the maintenance of the Colony as a military station, but it is, nevertheless, imperative that it should be known that such contribution ought, in reason and in justice, to be kept within the scope of the resources of the tax-payers. The Honourable Director of Public Works seems to be in a state of

It is gratifying to see that the obstruction of tram cars by trucks is being gradually diminished. Since the Tramway Company has been prosecuting truck coolies for holding up the trams, the coolies have become more careful. Four cases were dealt with by Mr. Wood at the Magistrate's Court this morning in which coolies who were summoned for holding up tram cars were fined.

NEWS OF THE DAY.

We are asked to state that the Happy Valley will be used by the Military for drill purposes from 10 a.m. to 11 a.m. to-morrow.

The sixth Gymkhana meeting of the season promoted by the Gymkhana Club will take place at the Race Course on November 15. There are six races on the card.

The total output of the Kailan Mining Administration's mines for the week ending October 11 amounted to 41,817.78 tons and the sales during the period, to 46,665.09 tons.

H.M.S. Flora sailed yesterday for England. The Austro-Hungarian cruiser Kaiser Franz Joseph I also sailed for home. The French cruiser Duplex arrived this morning from Shanghai.

Mr. Gibson, of 5 Morton Terrace, was playing with his children on his verandah on Wednesday, when a ring set with diamonds, valued at \$500 slipped from his finger and fell to the ground. He was afterwards unable to find the ornament, and has reported his loss to the police.

A boarding house runner of 123 Des Voeux Road Central entertained a few friends in his home recently, and after their departure he found several articles of jewellery, a pipe, and some clothing, valued altogether at \$13, missing. He has reported his loss to the police, and thinks that his guests included the thief who stole his property.

A Chinese married woman of 37 Hilliers Street has reported to the police that someone stole from her house between July 30th and October 18th: a box containing sixty-five articles of jewellery, some clothing, and \$85 in money, the property being valued altogether at \$2,100. The woman suspects a folk who absconded somewhere about September 19th. She will probably regret not having reported the matter to the police sooner.

The hired transport Soudan is expected to arrive here on her return voyage, about 6 a.m. on Monday next. The vessel will be 5th at Hoi Kwan, and, disembarking of troops, etc., will commence at 9 a.m. The 2nd Bn. Somerset Light Infantry (for India) and details Somerset Light Infantry, South Wales Borderers and R.A.M.C. attached (for Home) will go into camp at Hung Hom. All married families will go into quarters at Mount Austin, under arrangements to be made by the Officer Commanding Army Service Corps, pending re-embarkation on transports Soudan or Somali.

It may be useless to discuss, either now or later, the hardship inflicted upon the community by the very large contribution they are called upon to pay annually towards the maintenance of the Colony as a military station, but it is, nevertheless, imperative that it should be known that such contribution ought, in reason and in justice, to be kept within the scope of the resources of the tax-payers. The Honourable Director of Public Works seems to be in a state of

tranquil ignorance as to the condition of many of the roads of the Colony. Such ignorance, however, as the Hon. Mr. Landale in effect stated, is shared by very few, and the hope may now be indulged that that gentleman's pointed and absolutely accurate statement may lead to some very much needed improvements. We are, as indeed are the whole community, entirely in sympathy with the Hon. Mr. Shellim in his remarks on the Government's unfulfilled promises relative to public bathing places. The Government practically gave assurances that such bathing places would be found, and it is by no means satisfactory to find that these assurances are apparently to be allowed to drop because the laying out of such bathing places is "not so easy a matter as was supposed." Perhaps not; but surely the little difficulties are not insurmountable. We know, and many others also know, that if the Government would but devote as much attention to the matter as did the Tramway Company this season, a really good and quite suitable bathing place might be made at North Point. A very large section of the community are interested in this matter and, considering the climate that we have here for at least six months of the year, it is really of the first importance that the Government should do something towards providing suitable bathing facilities, to say nothing of convincing us that they are doing something to carry out the promises they made. The expenditure of a comparatively small sum is all that is necessary to convert North Point—which is undoubtedly more suitable than the beach in the neighbourhood of Kennedy Town—into a health-giving and attractive bathing place. This is a matter not for private enterprise but for the Government, and it is to be hoped that before the next bathing season comes round that something worthy of the needs of the large section referred to may be accomplished.

We have heard so often in regard to the irregularity of the Siberian mail that "it is a matter that would have to be gone into" that we but merely voice the opinion of the whole community in stating that such a statement is now wholly inadequate. The Government doubtless have many difficulties to contend with in regard to this atrocious irregularity, but, as these difficulties cannot possibly be insurmountable, it is to be hoped that they will bestir themselves more actively than they appear to have been doing and thus assist in removing this intolerable state of affairs.

It would have been much more pleasant, we feel sure, for the unofficial members referred to, to have given their whole-hearted acquiescence in the Government's financial proposals and to have had to express praise instead of blame regarding certain specific matters, but obviously that was impossible. We congratulate them on voicing the tax-payers' needs, and with them hope that some much-needed improvements will soon be in evidence.

IS SAND EARTH?

INTERESTING MAGISTERIAL DECISION.

In a case which recently came before Mr. Hargrave at the Magistrate's Court, a Chinese woman was charged with removing sand from the foreshore at Po Tai Kiu without a permit. The case was brought by Acting Sergeant Thompson, and the point was raised by the defence as to whether sand came within the meaning of the Ordinance, which sets out the fact that "earth, turf or stone" shall not be moved without a permit. Mr. Hargrave gave his decision on the point at the Magistrate's Court on the following terms:

The defendant was charged before me under Section 211 of the Public Health and Buildings Ordinance 1903, with removing sand from the foreshore at Po Tai Kiu without a permit in writing from the Director of Public Works of this Colony on the 7th October, 1913. Mr. Hodgson, Crown Solicitor, appeared for the prosecution; Mr. Stevenson appeared for the defence.

Section 211 is as follows:—"It shall not be lawful for any person to cut or remove earth or turf, or to collect, extract, split, blast or remove stones, from any land not under lease from the Crown, except subject to the regulations contained in schedule J, or such other regulations as may be made by the Governor-in-Council, or without the permission in writing of the Director of Public Works, or in such manner as shall undermine or in any way prejudicially affect or endanger the stability of any bank or earth or of any land or property adjoining." I was first referred by Mr. Stevenson to the following words in Section 211:—"or in such manner as shall undermine or in any way prejudicially affect or endanger the stability of any bank or earth or of any land or property adjoining." It was submitted that it is only necessary for the prosecution to prove such facts when there is a permit. Mr. Stevenson also submitted that "sand" is not "earth" within the meaning of Section 211. Exactly the same question and under the same Section was tried before Mr. Sercombe Smith as Police Magistrate in July, 1903 (Bex v. Li Ngau). Mr. Bowley, Crown Solicitor, argued the case on behalf of the Crown. In the depositions the following are the arguments put forward by Mr. Bowley:—"foreshore is land—earth has no technical meaning—earth includes all soil—earth means disintegrated stone—cutting earth is not only soil or mould—earth, turf and stones covers all materials—Chambers Dictionary—Websters Dictionary—Maxwell on Statutes p. 459, 3rd Edition, 'associated words understood in a common sense,' p. 461 'Sand is a species of earth.' Mr. Sercombe Smith convicted the defendant and fined him \$20 or 1 month hard labour.

Mr. Stevenson also referred me to Section 100 of the Ordinance. That is the Section which refers to the materials to be used in building walls. The words "sand" and "earth" are both to be found in the Section. I am of opinion that it was not the intention of the Legislature to differentiate between the two words. The exact ingredients to be used are set out in order to bind down the Contractor. Mr. Stevenson also referred me to Section 111 of the Ordinance. That is the Section which refers to the concreting of ground surfaces. In this Section the word "sand" is to be found. Here again the exact ingredients to be used are set out in order to bind down the Contractor. Numerous dictionaries were produced by both parties. All these dictionaries I have consulted. I am of opinion that the Legislature never intended that a highly technical meaning should be applied to the word "earth" in this section.

In Ogilvie's dictionary I find the following definitions with respect to the word "earth":—"the loose particles of inorganic matter on the surface of the globe," "dry land opposed to the sea," "the ground," "the surface of the globe." The statement by Mr. Bowley to Mr. Sercombe Smith that "sand is a species of earth" is in my opinion a complete answer to this question.

I order the defendant to pay a fine of \$20, or one month's hard labour.

Eighteen rescuers were overcome by gas in the Senghenydd mine yesterday and operations had to be postponed. The relief fund now amounts to £39,000.

ACRIMONIOUS EPIETHETS.

Among the epithets applied by the Unionist papers to Mr. Lloyd George's speech are "absurd," "fantastic," and "revolutionary." They also declare that it will fail as a vote-catching device. The Liberal Press warmly welcomes the "momentous utterance," and emphasises that Mr. Lloyd George's statement represents the unanimous conclusions of the Cabinet.

FORESTS INTO GOLF COURSES.

Mr. Lloyd George, addressing 4000 people at Swindon on Wednesday evening and replying to remarks by Captain Prettymann and others relative to golf courses and deer forests said that if the whole of the Highland forests were converted into golf courses there would be 200 of them, regularly employing 16,000 persons, therefore the comparison was nonsense.

MR. LLOYD GEORGE AND WOMEN'S SUFFRAGE.

At Swindon Mr. Lloyd George told a Suffragette deputation that he was in favour of a suffrage "en masse." The effect of militancy had been enormous, and had converted indifference into bitter hostility. The present Parliament had ruined the suffrage point of view; nevertheless, he did not despair and advised the women to organise strenuously between now and the General Election.

THE AISGILL VERDICT.

RAILWAYMEN'S UNION "STAGGERED."

LONDON, Oct. 23.
The officials of the National Union of Railwaymen, are staggered at the sentence passed on Caudle, (the engine-driver of the second train, who was sentenced to six months imprisonment in the Second Division) and they state that they will do their utmost to get the sentence quashed. Some of the railway men talk of a strike.

THE BRESLAU SCANDAL.

EIGHT CONVICTIONS.

LONDON, Oct. 22.
A Breslau message states that there have been eight convictions arising out of the scandal mentioned on September 22. The accused have been sentenced to terms of imprisonment ranging from six months to three years. They include a business manager, a manufacturer, a musician, a schoolmaster and an insurance official.

The following is the telegram referred to—

LONDON, Sept. 22.
A message from Berlin states that the press there contains revelations of a grave scandal at Breslau in which seventy-two schoolgirls are concerned. Up to the present fourteen wealthy men have been arrested for meeting the girls at a house, and already there have been seven suicides, including an officer and a police official.

EXTRAORDINARY DEVELOPMENT OF DUBLIN STRIKE TROUBLES.

LONDON, Oct. 24.
There has been an extraordinary development in the labour strikes at Dublin. Archbishop Walsh recently protested against an arrangement made by the Labour leaders to send 300 children of starving strikers to homes in England on the ground that no provision would be made for their religious instruction. Fifteen children who arrived at Kingstown yesterday evening were intercepted by priests, who harangued the crowd which assembled against sending the children to atheistic and socialist homes. A London lady in charge of the children was arrested and released on bail.

INDUSTRIAL DEVELOPMENT SCHEME.

PEKING, Oct. 24.
A serious difference of opinion has arisen between the Secretaries of the President's office and the members of the two Houses of Parliament. Tuen Chi Kwai, military commander at Peking, advocates a more severe policy in dealing with rebels to prevent further revolts.

Negotiations were commenced between the Premier and the financial representatives of the Quintuple Group to-day, all the Members of Parliament being present. Parliament has passed an industrial development scheme, the principle points of which are that the development of the country's mineral resources with foreign capital is to be sanctioned, the postal and telegraphic services, cotton, fisheries, silk, tea and kindred industries being reserved for development by Chinese.

LANDLORD AND TENANT.

Claim for Rent.

EUROPEAN DISPUTE.
In the Summary Court this afternoon before the Justice Judge, Mr. Justice Kemp, an action was commenced in which Walter B. Lightburn, of 19 Wongsneich Road, sued Mr. and Mrs. G. Cummings, of 22, Kennedy Road, claiming the sum of \$28.50 for one month's rent of the ground floor of Wongsneich Road from 1st to 30th September, and water account.

Mr. Davidson of Messrs. Hastings and Hastings, represented defendant, plaintiff appearing in person.
Plaintiff's evidence was taken de bene esse. He said he let the ground floor of 19, Wongsneich Road to the defendants at a rent of \$27.50 a month and half the water rate, the tenancy being a monthly one terminating at the end of the calendar month. He gave defendant notice to quit and they left the premises on the 15th. They had paid no rent for September; their proportion of water rate for the month was \$1.

Cross-examined plaintiff said he could not state whether the defendants asked to be shown the water-rate receipt and whether the request was refused; he was not at home all the time. The defendants offered to hand over the key on September 15 but his wife refused to accept it and it was eventually left in the door. He gave defendant notice because he did not like them lying about in the hall. It would have been easy for them to send them upstairs. He made no suggestion that the letters were tampered with. Then when his friends visited him they were practically refused admission, though the hall and door were common to both flats. The succeeding tenants did not enter into possession until October 1st. After September 15 the Land Investment Co. repaired the ceiling at the request, but this would have been necessary whoever had been in the house. Asked why he gave the notice in the form "on or before Oct. 1st," plaintiff said he took it from a proper form of notice.

Mr. Davidson remarked that he was afraid plaintiff had got hold of a wrong form. His Lordship said it was obvious that plaintiff's wife should be called, as plaintiff was not personally present on September 15, and whatever happened passed through her hands.
The hearing was adjourned till 10.30 a.m. to-morrow.

Association Football.

UNITED SERVICES LEAGUE NOTES.
Not much progress so far has been made in the First Division and only three matches are arranged for November, but these have been made with a regard to the Hongkong League. On no one day next month will there be two senior matches, but every Saturday and nearly every Wednesday will see a senior league game in progress. Those old opponents the R.G.A. and the Royal Engineers—we forget how many years they have had teams in the Colony now—meet twice, once in each league. The Tamar (or will they be called the "Dukes") emerge into First Division strife by matches with the Gunners and the "Dukes."

The league table for the Second Division for this week shows an advance on the part of the D.C.L.I. Reserves who head the table with eight points for five matches. At the other end of the ladder another "Dukes" team, with the Baggers, hold a sorry position, for after five outings they fail to show a single point to their credit. This, however, is not expected to remain their normal position. No fewer than six teams are unbeaten, but it is doubtful if any one of them will be able to produce a clean bill of health in a month's time. A glance further down the column at the list of matches arranged for November show that all these teams will play one another during this period, so some records are sure to go by the board.

So far all the matches arranged have been carried through without a single postponement. This speaks well of the clubs and those usually unostentatious individuals, the club secretaries, have a good deal to do with this.

MR. P. COATS' FORTUNE.

FOURTH MILLIONAIRE ESTATE IN THE FAMILY.

A preliminary statement regarding the will of Mr. Peter Coats, who died on September 15 last, was issued in Paisley recently, and it was stated that, though the inventory of the estate will not be completed for some time, at present it is understood that the estate is valued at over a million pounds. One third of the revenue of the estate, after legacies to relatives and friends have been paid, will be allocated to charity. The trustees have power to form from a portion of the residue a trust on similar lines to the Paisley Trust. The trustees are Mr. Daniel Coats (brother), Mr. P. H. Coats, Mr. E. S. Coats and Mr. W. Coats-Hutton (nephews). This makes the fourth millionaire estate left by a member of the Coats family in the last two years. The other three were—
Mr. James Coats, jun., cooed £1,964,748 of Mr. Peter Coats.
Mr. Archibald Coats, brother £1,350,133 of James Coats, brother.
Mr. Peter Mackenzie Coats, nephew, exclusive of his interest in the estate of his father, Mr. Archibald Coats £911,683.
